

14 October 2016

Dear Parent/Carer,

### Sixth Form Education in Moor Park High School

I am pleased to invite you to our **Sixth Form Open Evening** on Thursday 20 October from 6.30pm. The staff and students are looking forward to welcoming you and providing a wealth of information about Sixth Form Education in Moor Park. **Careers advice and guidance** will also be provided by representatives from Higher Education, the employment sector and careers agencies.

I am very proud of our sixth formers and their achievements. Since opening in 2013 our record of progression and achievement is very impressive and we have outperformed all other post 16 providers in Preston. With a 100% success rate we ensure every student goes onto university, higher apprenticeships or into employment. No student is left behind. Our vision is to ensure all students are able to realise their potential and achieve their goals through the excellent education we provide. Our success is founded on developing a community where all young people are treated as individuals.

Research has shown that nationally school sixth forms are the most successful post 16 institutions in the country. This is because of the outstanding pastoral care, excellent teaching and small classes that only schools can offer.

We are committed to providing sixth formers with a successful academic experience. Our Sixth Form was purposefully designed to meet the needs of young people at its heart. We know the great things that students are capable of from the time they have already spent at our school.

In a larger College, an individual student will be one out of thousands; how can these institutions claim to be able to treat young people as individuals? At Moor Park, they will be an individual – known, understood and listened to. We are committed to making sixth form a life-changing experience.

I look forward to meeting you in our Sixth Form on Thursday 20 October between 6.30pm and 8.30pm.

Yours sincerely

Mr P.J. Cunningham  
Head Teacher
